

OLA OLASUNKANMI

FRONT-END DEVELOPER

PROFESSIONAL PROFILE

As a front-end developer with 1 year of experience, I offer exceptional technical skills and a passion for innovation. My experience in the edu tech industry has allowed me to improve user experience while working with a team to deliver outstanding results. I specialize in creating visually stunning and highly functional websites using the latest technologies, including React, HTML, CSS, and JavaScript. I pride myself on my mobile-first approach, innovative problem-solving, and constant skill development. I collaborate and communicate effectively throughout the development process, ensuring each client's vision is brought to life. I also offer ongoing maintenance and support, optimization for performance and faster load time, cross-browser compatibility, accessibility, and platform integration. I am highly motivated and dedicated, with a proven track record of success. I am excited to bring my skills and expertise to your next project. Let's work together to create a visually stunning, highly functional website that exceeds expectations.

WORK EXPERIENCE

College match

nov 2022 - present frontend developer

As a front-end developer at my current company, I have been actively working with the web design team to create visually stunning and highly functional websites. My expertise in utilizing the latest technologies such as React, HTML, CSS, and JavaScript, along with my passion for innovation, has allowed me to deliver cutting-edge solutions that meet the needs of users and exceed the expectations of clients. My strong belief in the mobile-first approach and my top-notch problem-solving skills have been valuable assets for our team, allowing us to consistently deliver exceptional web development services to our clients. In addition, I have been constantly expanding my skillset, staying abreast of the latest technologies to stay ahead of the curve in this ever-evolving field.
